Ripple Across Portland

Saturday, September 22

Adventure Race: 9 a.m.-noon

After party: noon- 2 p.m.

21 & over event

Ripple Across Portland will be a fresh and exciting fall fundraising event in Portland. Prior to the event, teams will fundraise a minimum of \$360 to participate. Teams can fundraise over this amount and will earn extra points to begin the race with. On September 22, teams will compete in a series of challenges throughout the city, choosing which to participate in, and earning points for each activity completed. Some challenges will be easy (take a photo with the Longfellow statue), and some will be difficult "marquee" challenges (build a raft that can be paddled a certain distance at East End Beach). Points are based on the level of difficulty and the teams that earns the most points will win a lobster bake on Cow Island!

Our goal is to have 26 (or more) teams of 6 compete in Ripple Across Portland in two different classes: Open Adventure and Corporate Team Challenge. Each class will have prizes for the top three finishers. Top prize in each class will be a custom lobster bake and afternoon on Cow Island for each team member and a plus !! Ripple Across Portland will culminate with a celebratory party which will include local food, beverages, and music.

The race is "app" based through Social Scavenger: www.socialscavenger.com which provides an exciting and interactive mobile phone platform that blends social media and realtime events.

This fundraiser, created and hosted by the the Rippleffect Young Professionals group, will create awareness of Rippleffect, raise important funds for a local organization, and engage a new audience looking for a fun and unique way to spend an afternoon with friends, co-workers, and family. Our hope is to make this a destination event that will grow year after year.
